

**37th Anniversary
of Roe v. Wade**

RALLY for Reproductive Rights & Basic Health!

It's basic – women's ability to control their own bodies begins with guaranteed medical care as well as access to abortion. Yet the state Basic Health Plan and crucial programs that aid the most vulnerable are threatened with elimination. Come raise a ruckus over the threatened destruction of essential services and the fact that two-thirds of Washington counties have no abortion providers. Reproductive justice means affordability, access and healthcare for all! Tax the rich and corporations to expand health, education and social programs and to fund full-service women's health clinics statewide.

Friday, Jan. 22, noon
Capitol Steps 416 Sid Snyder Ave. S.W.
Olympia

Sponsored by Sisters Organize for Survival, a campaign of Radical Women
